# Introduction / Introducción

This guide was created to help Latinos in El Barrio, NY find resources available to help with many of life's issues, especially health care. Many East Harlem Latinos do not have health insurance or a personal healthcare provider, which leads to using the emergency room for healthcare needs. Research shows that not having a doctor that takes care of you on a regular basis results in poor health outcomes. Our hope is that this guide will help you connect to the services you need so that you can have a healthy, happy life.

As you use the guide, we recommend that you call the organization for more information and to confirm that the services you are seeking are still available at that location. Services offered at organizations often change and you can save time by ensuring you can find what you need at the organization you have selected.

We have organized the guide into different sections to help you find the services you need.

You can also reach our program at 212-423-4500 ext. 4754 and we can help connect you to an insurance navigator and/or a healthcare provider that will take care of you on a regular basis.

*Esta guía de recursos fue creada para ayudar a la comunidad Latina de El Barrio conocer los amplios recursos disponibles en su comunidad enfocándose en los servicios para la salud. Muchos de los residentes de El Barrio no tienen seguro médico ni un doctor personal. Por lo tanto, usan el cuarto de emergencia cuando no se sienten bien. Esto resulta en una salud peor a lo largo. Teniendo un doctor que sepa su historial médico puede resultar en una expectativa de vida más larga. Nuestra esperanza es que esta guía le ayude a conectarse a los servicios que necesite para vivir una vida, plena, feliz y saludable.*

*Se recomienda llamar a la organización para asegurar que el servicio que necesiten todavía está disponible. Los servicios ofrecidos a veces cambian y le ayudaría saber si todavía tienen lo que usted requiere.*

*Hemos organizado este guía en distintas secciones para que encuentre los servicios que necesite lo más fácil posible.*

*También puede contactar a nuestro programa al 212-423-4500 ext: 4754 para ayuda en conseguir seguro médico y/o un doctor personal que esté al tanto de todo lo que tenga que ver con su salud.*
